

Postdoctoral Scholar

The Polymer Science and Engineering Department at the University of Massachusetts, Amherst seeks to hire postdoctoral researcher immediately.

The applicant must have a strong publication record and: 1) have a strong fundamental background in organic electronic device physics (transistors, solar cells, Schottky diodes, etc.). The applicant should also have experience in microstructure analysis with familiarity in techniques such as TEM, X-ray (GIXD, WAXD, etc.) or, 2) have extensive experience in the synthesis of conjugated materials such as small molecule and polymer semiconductors.

Interested candidates may contact Alex Briseno at: abriseno@mail.pse.umass.edu
